EAAMO
CONFERENCE 2025

The 5th ACM Conference on Equity and Access in Algorithms, Mechanisms, and Optimization

📅 November 5–7, 2025

📍 University of Pittsburgh, Pittsburgh, PA, USA

Our mission

To build a research community that places the perspectives and interests of marginalized groups at the foundation of algorithmic and resource allocation systems

Application areas

Civic participation, access to services, digital and economic inequalities, among others

The EAAMO community

3,000+ members from 150+ institutions and 50 countries from theoretical / computational fields, social sciences, as well as law, social work, and the humanities

Call for participation

The event will highlight work along the research-to-practice pipeline to improve access to opportunity for historically underserved communities.

We invite submissions that advance theoretical understanding, propose new methodologies, introduce innovative datasets, or connect research and practice.

Submissions will be reviewed in one of six tracks:

AI & Machine Learning • Applied & Quantitative Modeling • Theory • Empirical Studies • Position Papers & Problem Pitches • Datasets & Benchmarks

Visit conference.eaamo.org to know more.

Important dates

- **Abstract Submission :** April 17, 2025 (AoE)
- **Paper Submission :** April 24, 2025 (AoE)
- **Paper Submission Page :** TBA
- **Submission Notification :** July 18, 2025
